PROFESSIONAL  
UNIVERSITY

## PROJECT REPORT

**TITLE- Sports Club**

**SUBMITTED BY: - P.AKSHAYA VARDHINI**

**REG NO: - 12220082**

**ROLL NO: - RKOC39B46**

**Submitted to: -**

SIR Mir Junaid Rasul

LOVELY PROFESSIONAL UNIVERSITY

PHAGWARA, PUNJAB

## **ACKNOWLEDGEMENT**

Primarily I would like to thank God for being able to learn a new technology. Then I would like to express my special thanks of gratitude to the teacher who provide me the golden opportunity to learn a new technology from home.

I would like to also thank my own college Lovely Professional University for offering such a course which not only improve my programming skill but also taught me other new technology.

Then, I would like to thank my parents and friends who have helped me with their valuable suggestions and guidance for choosing this course.

I am making this project not only for marks but to also increase my knowledge.

I would like to extend my thanks to all the people who were directly or indirectly involved with my project.

# ABOUT.HTML

The screenshot shows the Visual Studio Code interface with the following details:

- File Menu:** File, Edit, Selection, View, Go, Run, Terminal, Help.
- Title Bar:** AboutHTML - Sports club HTML Project - Visual Studio Code.
- Explorer:** Shows a tree view of the project structure under the "SPORTS" folder, including files like About.html, Badminton.jpg, and various HTML and CSS files.
- Editor:** The main area displays the content of the About.html file, which includes HTML and CSS code for a sports club website.
- Bottom Bar:** Includes icons for weather (25°C Haze), search, file operations, and system status (Tab Size: 4, UTF-8, CR LF, HTML, Go Live, 13:41, 11-12-2022).

# CONTACT.HTML

The screenshot shows the Visual Studio Code interface with the file `contact.html` open in the editor. The code is an HTML form for contacting a sports club. The code includes meta tags for character encoding and viewport, a title, and a form with fields for first name, last name, email, mobile, and a message area. The code is well-structured with proper indentation and line numbers.

# BADMINTON.HTML AS WELL AS INTERNAL CSS

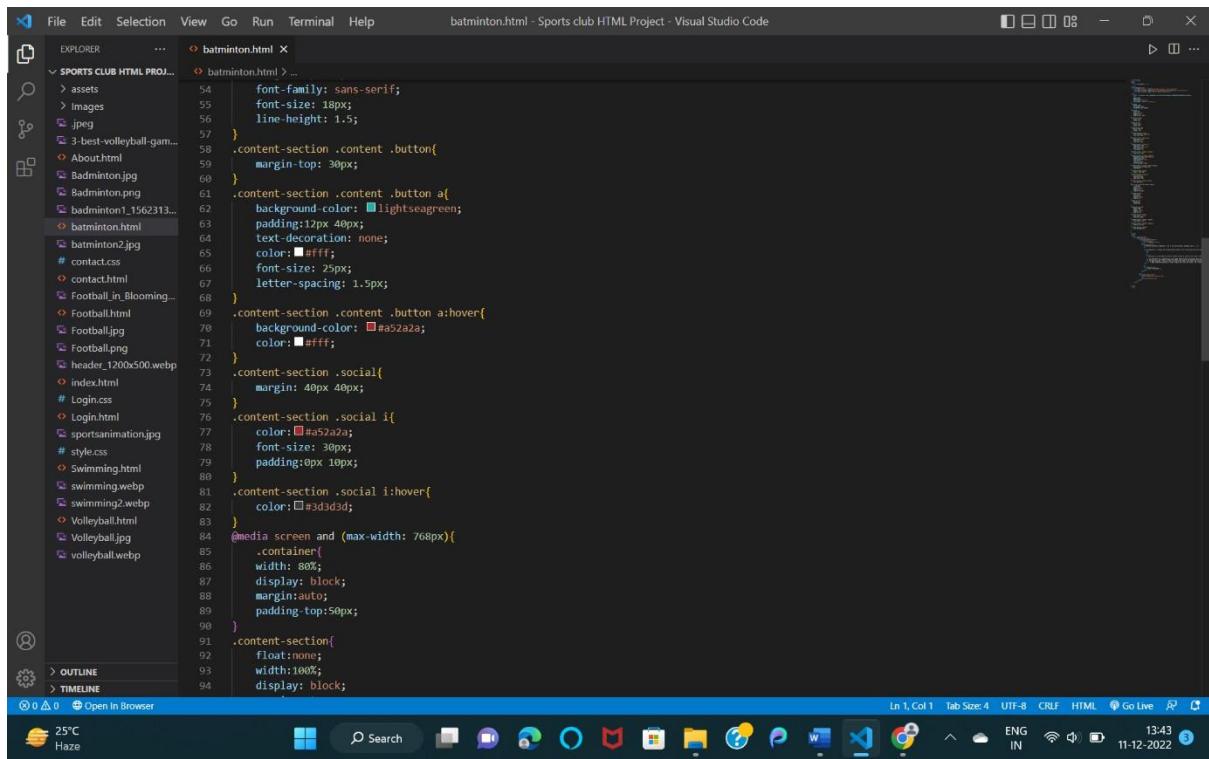

The screenshot shows the Visual Studio Code interface with the following details:

- File Explorer:** Shows a project structure for "SPORTS CLUB HTML PROJ...". The "batminton.html" file is selected and open in the editor.
- Editor:** Displays the HTML code for "batminton.html". The code includes a title, meta tags for viewport and charset, and a CSS import for Google Fonts. The CSS defines a section with a background color of #add8e6 and a container with a width of 80% and a padding-top of 100px. It also includes styles for content and image sections, and a specific style for an image with a width of 100% and height of auto.
- Bottom Status Bar:** Shows the file path "batminton.html - Sports club HTML Project - Visual Studio Code", line 1, column 1, tab size 4, and encoding UTF-8. It also displays the date and time "11-12-2022 13:43".
- Taskbar:** Shows the taskbar with various icons for system functions like weather, battery, and network.

### We Live To Play Volleyball...

133          

134           Volleyball is essentially a game of transition from one of the above skills to the next, with choreographed team movement

135           These team movements are determined by the teams chosen serve receive system, offensive system, coverage system, and defensi

# SWIMMING.HTML AS WELL AS INTERNAL CSS

The screenshot shows the Visual Studio Code interface with the following details:

- File Bar:** File, Edit, Selection, View, Go, Run, Terminal, Help.
- Project Explorer:** Shows a folder named "SPORTS CLUB HTML PROJ..." containing various files and images. The "Swimming.html" file is selected.
- Code Editor:** Displays the content of the "Swimming.html" file, which includes an HTML structure and an internal CSS block. The CSS block defines a ".container" class with a width of 80%, margin auto, and padding-top of 100px. It also defines a ".content-section" class with a width of 55% and an ".image-section" class with a width of 40%. The ".image-section" class contains a "img" tag with a width of 100% and height auto.
- Bottom Status Bar:** Shows file statistics (Ln 29, Col 24), tab size (4), encoding (UTF-8), and file type (HTML). It also shows "Go Live" and a refresh icon.
- System Taskbar:** Shows icons for various applications like File Explorer, Task View, and a weather widget for "Haze" at 25°C.

## ABOUT US

Greetings to everyone..!

The main motto of our sports club is to provide a healthy sporting habit among the players. Our sports club helps you to learn teamwork and coordination. we provide high quality coaching and develop interest in a particular sport of your choice.

- It's hard to play against us. It's harder to play for us..
- There's only a little difference between champs and chumps.
- The fans can make you famous. A contract can make you rich. The press can make you a superstar. But only love can make you a player..
- Perfection is not attainable, however, if you chase perfection you will catch excellence.
- Good. Better. Best. Never let it rest, until your good is better and your better is best.

## ← BADMINTON →

Getting involved in badminton is one of the most exciting, rewarding sports...

*Badminton is a racquet sport played using racquets to hit a shuttlecock across a net. Although it may be played with larger teams, the most common forms of the game are 'singles' (with one player per side) and 'doubles' (with two players per side). ..*

- Badminton is often played as a casual outdoor activity in a yard or on a beach; formal games are played on a rectangular indoor court. Points are scored by striking the shuttlecock with the racquet and landing it within the opposing side's half of the court...
- The shuttlecock is a feathered or (in informal matches) plastic projectile which flies differently from the balls used in many other sports...
- In particular, the feathers create much higher drag, causing the shuttlecock to decelerate more rapidly. Shuttlecocks also have a high top speed compared to the balls in other racquet sports.
- The game developed in British India from the earlier game of battledore and shuttlecock. European play came to be dominated by Denmark but the game has become very popular in Asia, with recent competitions dominated by China...
- In 1992, badminton debuted as a Summer Olympic sport with four events: men's singles, women's singles, men's doubles, and women's doubles; mixed doubles was added four years later.

## --- FOOTBALL -->

**Football is Beyond Play..**

*Football is a family of team sports that involve, to varying degrees, kicking a ball to score a goal. Unqualified, the word football normally means the form of football that is the most popular where the word is used.*

- Contemporary codes of football can be traced back to the codification of these games at English public schools during the 19th century..
- In 1888, The Football League was founded in England, becoming the first of many professional football associations..
- During the 20th century, several of the various kinds of football grew to become some of the most popular team sports in the world..
- Two teams of usually between 11 and 18 players; some variations that have fewer players (five or more per team) are also popular..
- Sports clubs dedicated to playing football began in the 18th century, for example London's Gymnastic Society which was founded in the mid-18th century and ceased playing matches in 1796..

## --- SWIMMING -->

Make swimming a part of your lifestyle...

*Swimming is an individual or team racing sport that requires the use of one's entire body to move through water. The sport takes place in pools or open water (e.g., in a sea or lake). Competitive swimming is one of the most popular Olympic sports, with varied distance events in butterfly, backstroke, breaststroke, freestyle, and individual medley...*

- A medley relay consists of four swimmers who will each swim a different stroke, ordered as backstroke, breaststroke, butterfly and freestyle.
- Swimming each stroke requires a set of specific techniques; in competition, there are distinct regulations concerning the acceptable form for each individual stroke.
- There are also regulations on what types of swimsuits, caps, jewelry and injury tape that are allowed at competitions. Although it is possible for competitive swimmers to incur several injuries from the sport, such as tendinitis in the shoulders or knees, there are also multiple health benefits associated with the sport..
- Swimming emerged as a competitive recreational activity in the 1830s in England. In 1828, the first indoor swimming pool, St George's Baths was opened to the public...
- Men's swimming became part of the first modern Olympic Games in 1896 in Athens. In 1902, the Australian Richmond Cavill introduced freestyle to the Western world. In 1908, the world swimming association, Fédération Internationale de Natation (FINA), was formed. Women's swimming was introduced into the Olympics in 1912;.

# <-- VOLLEYBALL -->

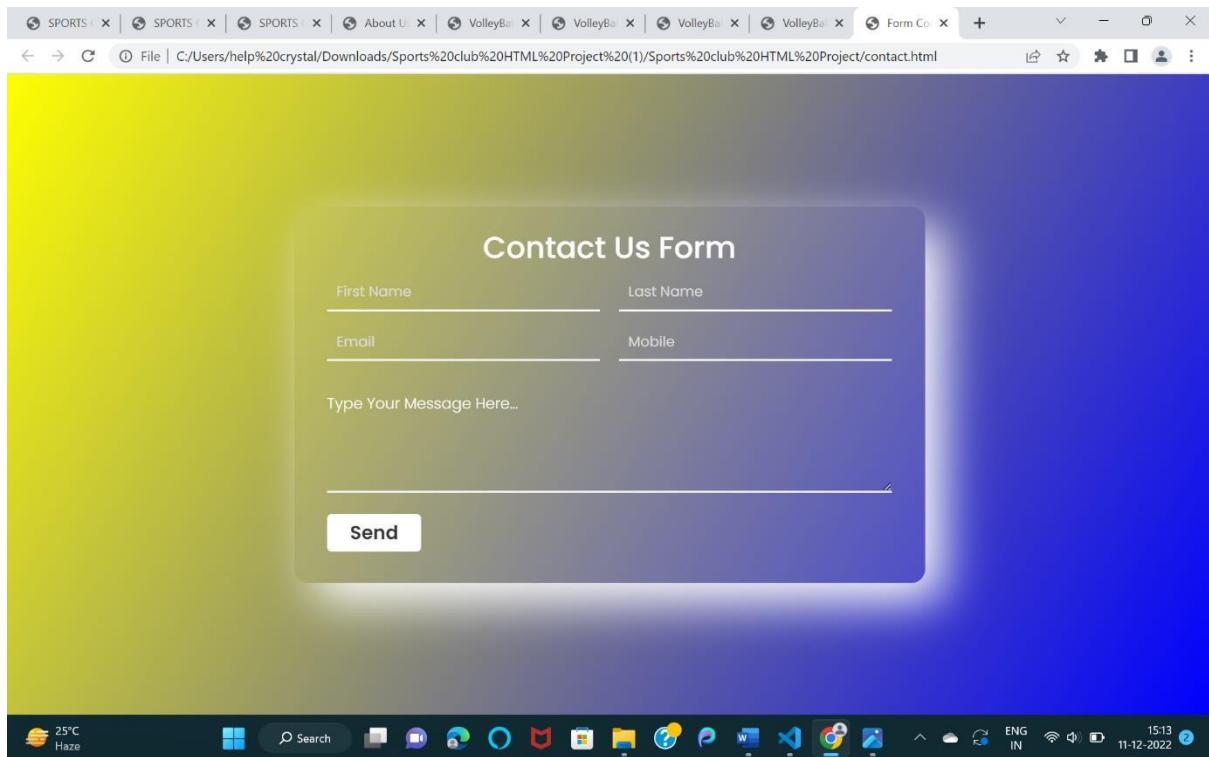

We Live To Play Volleyball..

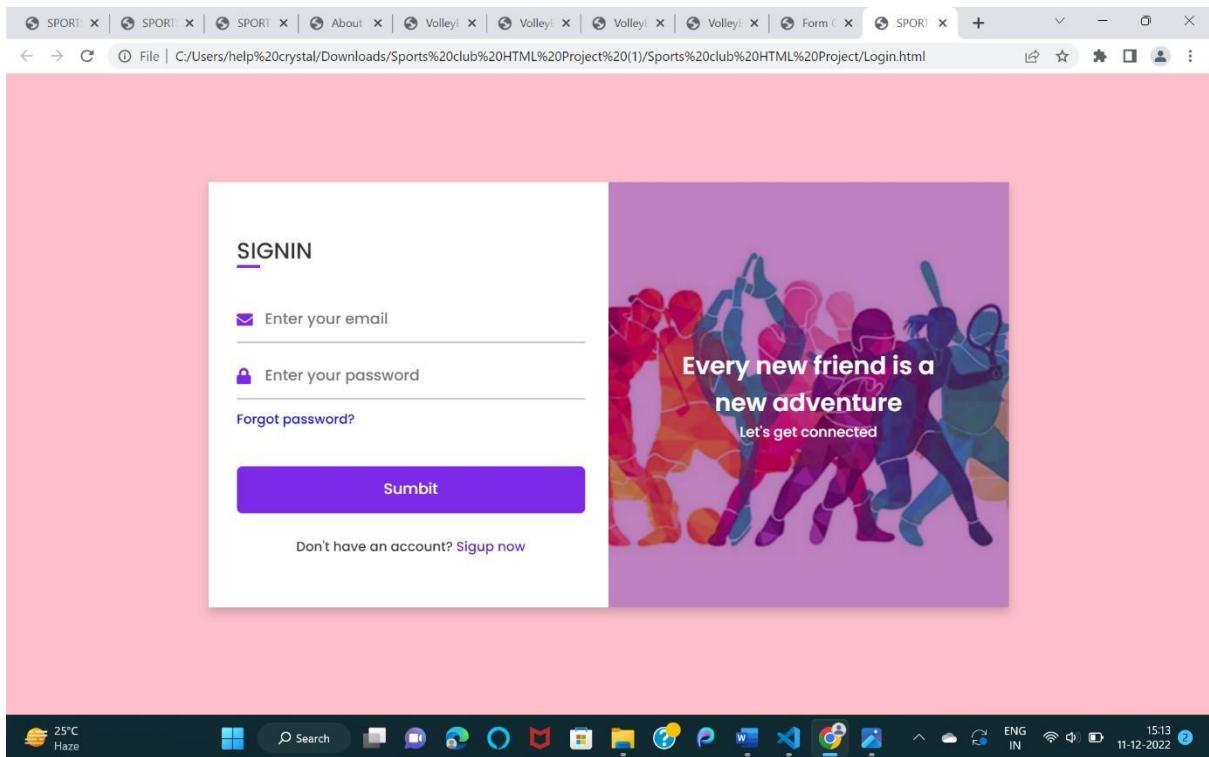

Volleyball is essentially a game of transition from one of the above skills to the next, with choreographed team movement between plays on the ball. These team movements are determined by the teams chosen serve receive system, offensive system, coverage system, and defensive system.

- The serve-receive system is the formation used by the receiving team to attempt to pass the ball to the designated setter..
- Systems can consist of 5 receivers, 4 receivers, 3 receivers, and in some cases 2 receivers. The most popular formation at higher levels is a 3 receiver formation consisting of two left sides and a libero receiving every rotation..
- A player from the serving team throws the ball into the air and attempts to hit the ball so it passes over the net on a course such that it will land in the opposing team's court..
- The team with possession of the ball that is trying to attack the ball as described is said to be on offence..
- The game continues in this manner, rallying back and forth until the ball touches the court within the boundaries or until an error is made..

# CONCLUSION

The conclusion of this project “ **Sports Management System**” is sports-based website. Sports plays a very important social role with regard to inclusion, since sport for all involves the participation of all citizens, regardless of their physical, cognitive, psychological and socio-economic characteristics, by developing and strengthening social cohesion.

Sports are also aimed to develop skills like Leadership, Teamwork, Patience, Competitiveness and Determination of Success. These are some of the good and must qualities that a person must have in his/her own life. Sports are generally played for fitness, passion and success. As we know the famous quote: "No pain, No gain"
